

Households Without High-Speed Internet Subscriptions Grand Rapids & East Grand Rapids, MI 2013 - 2017

The data shown are the percentage of households in each block group that either have no internet access or only subscribe to dial-up internet (no high-speed access). The data were obtained from the American Community Survey 5-year Estimates 2013-2017.

This map does not differentiate between the unavailability of high-speed internet and the unwillingness or incapability of the household to subscribe to it. Some or all of these factors could be at play.

United States Census Bureau. (2017). B28011 - INTERNET SUBSCRIPTIONS IN HOUSEHOLD [Data Table]. Retrieved March 29, 2019, from <https://factfinder.census.gov>
